

# Mediasite Video Player

DEEPEN LEARNING  
AND VIEWER ENGAGEMENT

The Mediasite experience noticeably enhances learning, boosts content mastery and improves retention by pairing the highest quality video and content with powerful engagement tools and in-video search. With a consistent playback experience across all devices, Mediasite is a sure-fire way to reduce learning curves and accelerate adoption.

## EXCEPTIONAL LIVE AND ON-DEMAND STREAMING

- Stream up to four HD content sources simultaneously with Mediasite multiview
- See every detail in demos, screencasts and annotations
- Always get the best possible video quality with adaptive bitrate streaming

## BOOST VIEWER ENGAGEMENT

- Keep it interactive with polls, ask-a-question, post-video surveys and related resource links
- Simplify and reinforce learning with content bookmarks and sharing
- Rearrange, resize and pop-out content to focus on what's most important

## TIME-SAVING NAVIGATION AND SEARCH

- Jump to the information you need with chapters and slide previews
- Using the power of OCR (optical character recognition), search all on-screen text for keywords in slides, screencasts, handwriting and annotations
- Search every spoken word using audio transcriptions or captions

## ACCESS FOR ALL

Enhance content for learners of all abilities with closed captions, screen reader support and keyboard shortcuts.

## EMBED ANYWHERE

Embed any player into learning or course management systems, video portals or websites that users access every day.
